2018-19 Earthquake Engineering Training Course had started

By Mr. Yoshihiro Iitake, Head of Administration Division, IISEE

The opening ceremony of Earthquake engineering training course for young researchers and Engineers were held at JICA, and the 1 year course has started.

This year 10 participants from 8 countries was chosen from 24 applicants from 10 countries and divided into Seismology course, Earthquake Engineering course and Tsunami Disaster Mitigation course. They are going to have specialized lectures of study.

We hope they have a fruitful training for each participant and spend time in Japan with a lot of fans.

We appreciate your kind of continued support for this training course.

Mr. Masayuki Takahashi,
General Director of JICA Tsukuba
International Center

Dr. Mitsumasa Midorikawa
The President of BRI

Mr. Sunohara, Director of Disaster
Management Policy Program of
GRIPS

Mr. Michael Arturo
LINTHON ALVAREZ from Ecuador

Call for Papers

IISEE Bulletin is now accepting submissions of papers for the seismology, earthquake engineering, and tsunami. Developing countries are targeted, but are not limited.

Your original papers will be reviewed by the editorial members and some experts.

NO submission fee is need.

Try to challenge!!

The opening ceremony at JICA Tsukuba

International Disaster Prevention Seminar and Visit to Honjo Life Safety Learning Center

By Mr. Sho Hamano, Administrative of Training and General Affairs, Administration Division, IISEE

On October 12th, IISEE Participants joined an international disaster prevention seminar.

In the seminar, Dr. Toshio Koike, Director of ICHARM(International Center for Water Hazard and Risk Management), and Dr. Toshiaki Yokoi, Director of IISEE, gave a lecture.

This seminar was held by ICHARM and IISEE to introduce the basic policies and mechanisms of Japanese development assistance, and new topics of disaster prevention field to participants so that they could deepen their understanding.

The participants attentively listened to the lectures of both directors and seemed to acquire new knowledge.

In the afternoon, we visited Life Safety Learning Center, so-called Honjo-Bosai-Kan in Japanese in Tokyo Fire Department as part of their training program and had a variety of experiences such as strong ground motion, submerged vehicle, firefighting and heavy storm.

On the way back, they were glued by the incredible scene of Tokyo Sky Tree when they passed by at the point-blank range.

We all hope this training course will be fruitful for them and all participants can enjoy their stay in Tsukuba as well as utilize this chance to grade-up their skills and knowledge.

Lecture of Dr. Yokoi, Director of IISEE

Enjoy, Now

Honjo-Bosai-Kan

New Participants of 2018-2019

No.		Country	Name	Affiliation
Seismology Course				
1		Bangladesh	Mr. Md. Mominur RAHMAN	Electronic Engineer/ Seismic Observatory and Research Center, Bangladesh Meteorological Department
2		Myanmar	Ms. Ngun Za lang	Senior Observer/ Seismological Division, Department of Meteorology and Hydrology, Ministry of Transport and Communications
Earthquake Engineering Course				
1		Nepal	Mr. Praveen Pratap ADHIKARI	Engineer/ Division Office, Baglung, Building Construction Division, Department of Urban Development and Building Construction, Ministry of Urban Development
2		Nepal	Mr. Jyoti LAMSAL	Structural Engineer/ Building Permit Section, Office of Municipal Executives, Bharatpur Metropolitan City
3		Nepal	Mr. Dhira PHADERA	Acting Division Chief (Engineer)/ Division Office, Rasuwa, Building Construction Division, Department of Urban Development and Building Construction, Ministry of Urban Development
4		Peru	Mr. Alexander Abraham SOTO CARDENAS	Research Assisant/ Structural Engineering Laboratory, Japan-Peru Center Earthquake Engineering Research and Disaster Mitigation
5		Philippines	Mr. Robert Jay Nimer PANALIGAN	Engineer III/ Bureau of Design - Bridges Division, Department of Public Works and Highways
Tsunami Disaster Mitigation Course				
1		Colombia	Ms. Laura Alexandra GONZALEZ RODRIGUEZ	Telecommunication Engineer/ National Tsunami warning center General Maritime Directorate
2		Ecuador	Mr. Michael Arturo LINTHON ALVAREZ	Head/ Hydrographic Survey Division, Hydrography and Cartography Department, Oceanographic Institute of the Armada of Ecuador
3		Nicaragua	Ms. Elliot Del Carmen PEREZ ROMERO	Research Assistant/ Geophysics, Institute of Geology and Geophysics, National Autonomous University of Nicaragua-Managua
