[1] Investigation and Information on the Great East Japan Earthquake

One month and a week has passed since the Great East Japan Earthquake and Tsunami. IISEE as well as BRI staffs are involving investigation of devastated disaster from the view point of seismology and earthquake engineering. The results of investigation will be summarized within this month (first report in Japanese) and will be opened on the website of BRI. For the moment, IISEE put information on the analysis of tsunami and strong motion as below;

http://iisee.kenken.go.jp/special2/20110311tohoku.htm

In addition, I would recommend to see the following academic websites on the Great East Japan Earthquake and Tsunami for the IISEE ex-participants.

Shoichi ANDO, Director, IISEE

We send this IISEE Newsletter to ex-participants whose e-mail addresses are known, lecturers and other stakeholders. The IISEE send new data and information actively and accept your contribution at any time. In order to enlarge IISEE network, we'd like to ask you to invite your fellow ex-participants whose e-mail addresses are unknown to us. We welcome your comments about the IISEE Newsletter. Please feel free to send your comments and opinions. IISEE welcomes your participation.
