

IISEE NEWSLETTER Special Edition- May 26, 2003

Dear Ex-participants of IISEE Training Course!

Ladies and gentlemen,

I believe you are working actively and successfully in seismology and earthquake engineering related fields, hoping that our training efforts have taken a certain role in your career. The IISEE will keep trying to improve the training program by obtaining your kind supports.

Toshibumi FUKUTA, Director of IISEE

Northern Algeria Earthquake, 2003 May 21, M6.8

On May 21, 2003, a destructive thrust-faulting earthquake occurred in Northern Algeria, where the plate boundary between the Eurasian plate and the African plate.

You can observe our analytical results at:
