

# Japan – World Bank Collaborative Project

## Learning from Mega Disasters: A Program of Knowledge Sharing and Exchange

\* \* \* \*

Junko Sagara  
Consultant, The World Bank  
February 22, 2012

## Objective

The Government of Japan and the World Bank have been jointly developing a collaborative framework to :

- Identify and share lessons learnt from Japan's recent experiences from the Great East Japan Earthquake and post-disaster reconstruction efforts
- Facilitate mutual learning and cooperation in building resilient societies through mainstreaming of Disaster Risk Management (DRM) in the development strategies

# Components of the Japan – World Bank Collaborative Project

## Component 1

Documentation of lessons learned from the Great East Japan Earthquake and Tsunami

## Component 2

Knowledge exchange and sharing, blended learning and web community

## Component 3

Preparation and dissemination of Sendai and final reports

THE WORLD BANK

World Bank  
Institute

## Expected Outputs by Component

Component 1:  
Knowledge Notes  
(out of the documentation lessons learned)

Component 2:  
A series of GDLN sessions (Global development learning network)

Component 2:  
Community of Practice

Component 2:  
E-learning on  
KNs

Component 3:  
Sendai report and  
Final program  
report

THE WORLD BANK

World Bank  
Institute
